More than ever, the industry needs a strong pipeline of talent to help assist recovery and growth. Talentview Aviation is a new Government-backed scheme to help young people find their first jobs, graduate roles, apprenticeships, traineeships and work experience in aviation.

The aviation sector has an exciting future ahead as it embraces the new opportunities driven by decarbonisation, innovation and future growth. We are continuing to invest in future skills across the sector and are proud to back the new TVA platform. This platform will allow the sector to promote a range of roles across the aviation industry, attract young and talented individuals to exciting careers and help the industry to seize the opportunities of the future.
